Over \$750 million in LOCAL and STATE funds have been dedicated to building the Morganza levee system. **NOW is the time for FEDERAL FUNDING!**

Morganza to the Gulf is a 98-mile levee, lock and floodgate system designed to provide 100-year, Category 3 storm protection to 200,000 residents in Terrebonne and Lafourche Parishes and 1,700 square miles of wetlands. The Morganza system is critical to our community's survival.

Residents of Terrebonne and Lafourche are investing our tax dollars to begin building levees and floodgates along the Morganza alignment to protect ourselves. Now it's time for the federal government to pay their share!

**MAC is FIGHTING for the
FEDERAL FUNDING we deserve!**

MAC supports the efforts of our three local levee districts.
